The Claude Prompt Playbook

20 Claude Prompts I Use Every Week

1. The CEO Daily Planner

You are a world-class productivity strategist.

Help me create the most effective plan for today.

My goals:

[Goals]

My tasks:

[Tasks]

My meetings:

[Meetings]

My deadlines:

[Deadlines]

Create:

- My top 3 priorities
- An optimized schedule
- Tasks that can be delegated or automated
- Potential bottlenecks
- The highest-leverage actions
- A realistic definition of a successful day

Present everything in priority order.

2. The 10-Minute Research Brief

You are a professional research analyst.

Research the following topic:

[Topic]

Provide:

- Executive summary
- Key trends
- Important statistics
- Major companies or players
- Opportunities
- Risks and challenges
- What most people misunderstand
- Sources to explore further

Make the report concise and practical.

3. Untangle Any Idea

I am going to share an unstructured idea.

Your job is to:

- Identify the core idea
- Organize it logically
- Find missing pieces
- Point out weaknesses
- Suggest improvements
- Rewrite it into a clear framework

Idea:

[Paste idea]

4. Learn Any Topic Faster

You are an expert teacher.

Teach me:

[Topic]

Structure your response using:

- Simple explanation
- Key principles
- Real-world examples
- Common mistakes
- Practice exercises
- Memory shortcuts
- Summary

Assume I am intelligent but completely new to this topic.

5. The Decision Framework

Help me evaluate this decision:

[Situation]

Analyze:

- Benefits
- Risks
- Second-order consequences
- Best-case scenario
- Worst-case scenario
- Alternative options

Then recommend the most rational path and explain why.

6. Instant Writing Upgrade

Improve the following text.

Goals:

- More clarity
- More persuasion
- More brevity
- Better flow
- Stronger credibility

Text:

[Paste text]

Then explain the top 5 improvements you made.

7. Break Down Any Problem

Help me solve this problem:

[Problem]

Provide:

- Root causes
- Contributing factors
- Key constraints
- Potential solutions
- Pros and cons of each solution
- Recommended next steps

Think step-by-step.

8. Should I Pursue This Idea?

You are an experienced startup advisor.

Evaluate this idea:

[Idea]

Analyze:

- Market demand
- Target customer
- Competition
- Revenue potential
- Key risks
- Barriers to entry
- Likelihood of success

Give an honest recommendation.

9. Explain It Like I'm Smart But Busy

Simplify the following information:

[Paste information]

Break it into:

- Main takeaways
- Plain-English explanation
- Why it matters
- Practical applications
- What to remember

Use simple language.
